

QA Level 5 Diploma in

First Response Emergency and Urgent Care (RQF)

Ofqual regulated
PHEM Framework: Descriptor Level F

104 hour course
750 clinical practice hours

Certificate remains valid by maintaining
CPD portfolio and ILS certification

Course Overview

The QA Level 5 Diploma In First Response Emergency and Urgent Care (RQF) qualification is specially designed for those who want to provide prehospital care to patients requiring emergency and urgent treatment.

Fulfilling the competencies set out in the Pre-hospital Emergency Medicine (PHEM) skills framework at descriptor level F, this Ofqual regulated qualification is ideal for those wishing to progress their career in the emergency services, event medical sector, ambulance services or high risk work areas. Successful candidates will gain the knowledge, skills and competencies needed to be able to assess and manage a range of prehospital care situations, such as: acute conditions, end of life care, post incident management, childbirth and many more.

What's Covered?

- ✳ Roles and responsibilities of a clinician
- ✳ Professional practice
- ✳ Anatomy, physiology and pathophysiology
- ✳ Effects of disease and disorders
- ✳ Clinical decision making

FREC5 2017

Course Title	First Response Emergency and Urgent Care (FREC5)		
Course Length	4 weeks	Level	5

The QA Level 5 Diploma in First Response Emergency Care (QCF) is specifically designed for those seeking a career in the emergency services, ambulance services, the event medical sector or those who have a specific responsibility at work, or in voluntary and community activities to provide prehospital care to patients requiring emergency care at an incident.

Learners will develop the skills and knowledge needed to deal with a wide range of prehospital emergency situations, such as: the roles and responsibilities of a clinician, human anatomy and physiology, assessing and managing acute symptoms, managing life-threatening infections and post incident management

This is an Ofqual regulated qualification and is valid while the Learner maintains a CPD portfolio and holds a valid Immediate Life Support qualification.

Course dates are:

January	
February	
March	20/03/2017 - 14/04/2017
